NET Phase Two is the project to extend Nottingham's tram system to Clifton via Wilford in the south (Line Two), and Chilwell via Beeston and the QMC in the southwest (Line Three).

The project was given the final government go-ahead in December 2011 and some advance works have now started along parts of the two new lines. We are holding a series of drop-in information sessions this spring. At the sessions, you will be able to find out more about the project, and the future works needed in your area to build the new tram system.

You will be able to meet and ask questions of members of; Nottingham City Council's NET Project Team, Tramlink Nottingham, the tram concessionaire which has the contract to build and operate the tram extensions, and representatives of the contractor, the Taylor Woodrow Alstom Joint Venture, which is carrying out the construction works.

Come and see us at a session near you:

Beeston (including the town centre and Chilwell Road / High Road area)

Date: Tuesday 28th February 2012
